

## NVIDIA Sets Conference Call for Third Quarter Financial Results

### CFO Commentary to Be Provided in Writing Ahead of Call

SANTA CLARA, CA -- NVIDIA (NASDAQ: NVDA) will host a conference call on Thursday, Nov. 11, at 2 p.m. Pacific Time (PT), to discuss its financial results for the third quarter of fiscal year 2011, ending Oct. 31, 2010.

The company's prepared remarks will be followed by a question and answer session, which will be limited to questions from financial analysts and institutional investors.

Ahead of the call, NVIDIA will provide written commentary on its third quarter results from David White, chief financial officer and executive vice president. This material will be posted to [www.nvidia.com/ir](http://www.nvidia.com/ir) immediately after the results press release is distributed at approximately 1:20 p.m. PT.

To listen to the conference call, dial (212) 231-2900; no password is required. The conference call will also be webcast live (in listen-only mode) at the following websites: [www.nvidia.com](http://www.nvidia.com) and [www.streetevents.com](http://www.streetevents.com).

The press release announcing NVIDIA's results will be distributed over a national wire service prior to the conference call and posted at the company's website: [www.nvidia.com](http://www.nvidia.com).

A replay of the conference call will be available until Nov. 18, 2010, at (800) 633-8284 and (402) 977-9140, passcode: 21443086. The webcast will be recorded and available for replay until the company's conference call to discuss its financial results for its fourth quarter and fiscal year 2011.

### About NVIDIA

NVIDIA (NASDAQ: NVDA) awakened the world to the power of computer graphics when it invented the GPU in 1999. Since then, it has consistently set new standards in visual computing with breathtaking, interactive graphics available on devices ranging from tablets and portable media players to notebooks and workstations. NVIDIA's expertise in programmable GPUs has led to breakthroughs in parallel processing which make supercomputing inexpensive and widely accessible. The company holds more than 1,600 patents worldwide, including ones covering designs and insights that are essential to modern computing. For more information, see [www.nvidia.com](http://www.nvidia.com).

Certain statements in this press release including, but not limited to, statements as to: the impact of the company's patents on modern computing are forward-looking statements that are subject to risks and uncertainties that could cause results to be materially different than expectations. Important factors that could cause actual results to differ materially include: global economic conditions; our reliance on third parties to manufacture, assemble, package and test our products; the impact of technological development and competition; development of faster or more efficient technology; design, manufacturing or software defects; changes in consumer preferences or demands; changes in industry standards and interfaces; unexpected loss of performance of our products or technologies when integrated into systems; as well as other factors detailed from time to time in the reports NVIDIA files with the Securities and Exchange Commission, or SEC, including its Form 10-Q for the fiscal period ended August 1, 2010. Copies of reports filed with the SEC are posted on the company's website and are available from NVIDIA without charge. These forward-looking statements are not guarantees of future performance and speak only as of the date hereof, and, except as required by law, NVIDIA disclaims any obligation to update these forward-looking statements to reflect future events or circumstances.
