

NVIDIA Shareholder Meeting Set for May 18; Stockholders Can Participate Online

SANTA CLARA, CA -- NVIDIA will hold its Annual Meeting of Stockholders at its headquarters in Santa Clara, Calif., on Wednesday, May 18, 2011, at 9:00 a.m. Pacific Time. The meeting will take place in Building E, located at 2800 Scott Boulevard.

Individuals wishing to attend the meeting virtually may do so by going to www.virtualshareholdermeeting.com/NVIDIA2011. Stockholders will need their 12-digit control number included in their notice or proxy card to vote and submit questions while attending the meeting online. Non-stockholders are welcome to attend by going to the above link and selecting "Other Attendees."

The matters to be voted on at the meeting are set forth in the company's Proxy Statement filed with the U.S. Securities and Exchange Commission on April 8, 2011. The Proxy Statement is available at <http://www.nvidia.com/proxy>.

A replay of the 2011 Annual Meeting webcast will be available until June 3, 2011 on the company's website at www.nvidia.com or www.virtualshareholdermeeting.com/NVIDIA2011.

About NVIDIA

(NASDAQ: NVDA) awakened the world to the power of computer graphics when it invented the GPU in 1999. Since then, it has consistently set new standards in visual computing with breathtaking, interactive graphics available on devices ranging from tablets and portable media players to notebooks and workstations. NVIDIA's expertise in programmable GPUs has led to breakthroughs in parallel processing which make supercomputing inexpensive and widely accessible. The Company holds more than 1,800 issued patents worldwide, including ones covering designs and insights that are essential to modern computing. For more information, see www.nvidia.com.

Certain statements in this press release including, but not limited to statements as to: the effects of the company's patents on modern computing are forward-looking statements that are subject to risks and uncertainties that could cause results to be materially different than expectations. Important factors that could cause actual results to differ materially include: global economic conditions; our reliance on third parties to manufacture, assemble, package and test our products; the impact of technological development and competition; development of faster or more efficient technology; design, manufacturing or software defects; changes in consumer preferences or demands; changes in industry standards and interfaces; unexpected loss of performance of our products or technologies when integrated into systems; as well as other factors detailed from time to time in the reports NVIDIA files with the Securities and Exchange Commission, or SEC, including its Form 10-K for the fiscal year ended January 30, 2011. Copies of reports filed with the SEC are posted on the company's website and are available from NVIDIA without charge. These forward-looking statements are not guarantees of future performance and speak only as of the date hereof, and, except as required by law, NVIDIA disclaims any obligation to update these forward-looking statements to reflect future events or circumstances.
