

## NVIDIA Sets Conference Call for Second Quarter Financial Results

### CFO Commentary to Be Provided in Writing Ahead of Call

SANTA CLARA, CA -- NVIDIA (NASDAQ: NVDA) will host a conference call on Thursday, Aug. 12, at 2 p.m. Pacific Time (PT), to discuss its financial results for the second quarter of fiscal year 2011, ending Aug. 1, 2010.

The company's prepared remarks will be followed by a question and answer session, which will be limited to questions from financial analysts and institutional investors.

Ahead of the call, NVIDIA will provide written commentary on its second quarter earnings from David White, chief financial officer and executive vice president. This material will be posted to [www.nvidia.com/ir](http://www.nvidia.com/ir) immediately after the earnings press release is distributed at approximately 1:20 p.m. PT.

To listen to the conference call, dial (212) 231 2900; no password is required. The conference call will also be webcast live (in listen-only mode) at the following websites: [www.nvidia.com](http://www.nvidia.com) and [www.streetevents.com](http://www.streetevents.com).

The press release announcing NVIDIA's results will be distributed over a national wire service prior to the conference call and posted at the company's website: [www.nvidia.com](http://www.nvidia.com).

A replay of the conference call will be available until Aug. 19, 2010, at (800) 633 8284 and (402) 977 9140, passcode: 21443085. The webcast will be recorded and available for replay until the company's conference call to discuss its financial results for its third quarter fiscal 2011.

### About NVIDIA

NVIDIA (NASDAQ: NVDA) awakened the world to the power of computer graphics when it invented the GPU in 1999. Since then, it has consistently set new standards in visual computing with breathtaking, interactive graphics available on devices ranging from tablets and portable media players to notebooks and workstations. NVIDIA's expertise in programmable GPUs has led to breakthroughs in parallel processing which make supercomputing inexpensive and widely accessible. The company holds more than 1,100 U.S. patents, including ones covering designs and insights which are fundamental to modern computing.
