

## Notice for NVIDIA Tablet Customers

### Voluntary Recall of NVIDIA SHIELD Tablets

NVIDIA today announced a voluntary recall of its SHIELD™ 8-inch tablets that were sold between July 2014 and July 2015, which the company will replace. NVIDIA has determined that the battery in these tablets can overheat, posing a fire hazard. The recall does not affect any other NVIDIA products.

NVIDIA is asking customers to visit [www.nvidia.com/support/tabletrecall](http://www.nvidia.com/support/tabletrecall) for information on how to obtain a replacement device. NVIDIA is also asking consumers to stop using the recalled tablet, except as needed to participate in the recall and back up data. Consumers will receive a replacement tablet after registering to participate in the recall.

NVIDIA is coordinating with appropriate governmental agencies to ensure that the recall follows established industry practices.

#### About NVIDIA

Since 1993, [NVIDIA](http://www.nvidia.com) (NASDAQ: [NVDA](http://www.nvidia.com)) has pioneered the art and science of [visual computing](http://www.nvidia.com). The company's technologies are transforming a world of displays into a world of interactive discovery -- for everyone from gamers to scientists, and consumers to enterprise customers. More information at <http://nvidianews.nvidia.com/> and <http://blogs.nvidia.com/>.

Certain statements in this press release including, but not limited to, statements as to: NVIDIA's replacement of SHIELD tablets, NVIDIA's coordination with government agencies and the recall following established industry practices are forward-looking statements that are subject to risks and uncertainties that could cause results to be materially different than expectations. Important factors that could cause actual results to differ materially include: global economic conditions; our reliance on third parties to manufacture, assemble, package and test our products; the impact of technological development and competition; development of new products and technologies or enhancements to our existing product and technologies; market acceptance of our products or our partners' products; design, manufacturing or software defects; changes in consumer preferences or demands; changes in industry standards and interfaces; unexpected loss of performance of our products or technologies when integrated into systems; as well as other factors detailed from time to time in the reports NVIDIA files with the Securities and Exchange Commission, or SEC, including its Form 10-Q for the fiscal quarter ended April 26, 2015. Copies of reports filed with the SEC are posted on the company's website and are available from NVIDIA without charge. These forward-looking statements are not guarantees of future performance and speak only as of the date hereof, and, except as required by law, NVIDIA disclaims any obligation to update these forward-looking statements to reflect future events or circumstances.
